SUMMARY

Entry-level web developer with 2 years of experience in HTML, CSS, JavaScript, React, Node, Express.js and MongoDB. Proven ability to create reusable components for an enterprise-level web application. Passionate about technology and building scalable web solutions.

WORK EXPERIENCE

MERN Stack Developer Intern

Graviton web Technology, Bangalore

Aug 2023 –Feb 2024

- Collaborated with other developers, designers, and project teams to ensure successful, on-schedule development and delivery of applications. Developed back-end components and integrated them with front-end applications.
- Contributed to the integration of third-party APIs and libraries to enhance functionality.
- Developed and maintained responsive web applications using React, resulting in a 30% increase in user engagement.
- Participated in code reviews and collaborated with the team to ensure high-quality code standards.
- Built and tested application functionality to ensure a desirable user experience across all platforms.

Projects

- Karate Website : A website for (martial art academy). [Link](#)
Technologies:- React.js, Bootstrap,
- Joyo Money : A web-app for loan providers.
Technologies : React.js, Node.js, CSS, MongoDB, .

Frontend Developer Intern

HealTether pvt. Ltd. Chhenai

Nov 2023 –Jan 2024

- Developed responsive web applications using React with the help of given Figma design.
 - Built and tested application functionality to ensure a desirable user experience across all platforms.
 - Collaborated with other developers, designers, and project teams to ensure successful, on-schedule development and delivery of applications.
 - Developed reusable components and optimized web performance to ensure fast loading times.
 - Implemented client-side validation and error handling to improve the user experience.
- Technologies used :- React.js, tailwind CSS and some React Library.

PERSONAL PROJECTS

Blogging website (<https://abhi-blog-bc502.web.app>)

- Developed a full-stack blog application using React.js for the frontend and Firebase for the backend.
- Implemented user authentication and authorization functionalities using Firebase Authentication, allowing users to register, login, and manage their accounts securely with forget password functionality.

- Designed an intuitive user interface with React components, enabling users to create, edit, and delete blog posts with ease.
- Integrated Firebase Firestore as the database to store and manage blog posts and user data in real-time.
- Implemented features such as commenting, reset password and pagination to enhance user engagement and interaction within the app.
- Utilized Firebase Storage to handle file uploads, allowing users to add images to their blog posts.
- Implemented responsive design principles to ensure the app is accessible and functional across various devices and screen sizes.
- Used Firebase Hosting to deploy the application and make it accessible to users worldwide.

Technologies Used: React.js, Firebase (Authentication, Firestore, Storage, Hosting), HTML, Tailwind CSS and some React.js library.

GitHub Repository: <https://github.com/ABHI24033/blog-app?tab=readme-ov-file>

Weather website (<https://weather-app-theta-orpin-44.vercel.app/>)

- Designed and developed a responsive weather application using HTML and CSS for the frontend.
- Integrated a Weather API to retrieve real-time weather data based on user location or specified location input.
- Designed a user-friendly interface with intuitive controls for easy navigation and interaction.
- Utilized CSS for styling to enhance the visual appeal and user experience of the app.
- Implement search functionality to find the weather information of cities.

Technologies Used: HTML, CSS, JavaScript, Weather API

GitHub Repository: <https://github.com/ABHI24033/Whether-App>.

SKILL

Frontend :- HTML, CSS, JavaScript, React.js, redux-toolkit, Tailwind CSS, Bootstrap etc.

Backend :- Node.js, Express.js, Mongoose(MongoDB), Multer (File uploading), Jsonwebtoken(jwt) etc.

Tools :- VS Code, Postman & Thunder client , Git & Github,

Deployment: Vercel

CERTIFICTION

Frontend Developer using React.js

Graviton web Technology

(Aug-2023 to Nov-2023)

EDUCATION

Bachelor in Computer Application (BCA)

Dr. Shyama Prasad Mukherjee University, Ranchi

(2020-2023)

Intermediate of science,

A.S.T.V.S. Zila School, Ranchi

(2020)

Matriculation,

Md. Moosa Memorial High School, Chatra

(2018)
